

## **CALL FOR PAPERS**

NJMT was started in 2008 by the Faculty of Management Sciences, with the objective of creating a high-quality journal, publishing original research papers alongside relevant and insightful reviews, having academic standing and to share knowledge on Management, organizational behavior, and Business related issues. To ensure high quality publications, all papers are subject to rigorous screening process and peer-review by national and international scholars with strong academic and research background in their areas of expertise. One important goal is to establish a platform where faculty, researchers, and scholars are able to publish their research work. I thank all the contributing authors, reviewers, and editors for their exceptional work on behalf of NJMT. Your efforts and continuing support enabled me to move into NJMT's sixth year of existence as journal.

It is also the vehicle for publishing the research articles from scholars within and outside the Pakistan. NJMT is also the publishing partner of all the international and national conferences held by National University of Modern Languages. The papers read and presented in the conferences are published in NJMT. The journal delivers an opportunity to develop a strong basis for conceptual and professional growth by sharing latest research findings and best practices.

### **Publication and Submission of Articles**

The bi-annual Journal of NJMT was first printed in 2008 by the faculty of Management sciences, National University of Modern Languages, Islamabad Pakistan.
