It is one of the recognized and better ranked research journals, in the field of business management, by Higher Education Commission (HEC) Pakistan. To ensure high quality publications, all papers submitted to NIJBM are subject to rigorous screening process following **Double Blind Peer-Review** where each research paper is reviewed by at least a national and an international reviewer with strong academic and research background in their areas of expertise. The journal is published bi-annually, both in soft and hard copy. NIJBM has a wide circulation nationally and internationally. The hard copies of each issue of the journal are distributed to universities, business professionals, practitioners, academicians, libraries, financial institutions and government organizations within Pakistan and some partner institutions internationally. It is an **Open Access Journal** and all published articles are available online on the journal's website. The journal is devoted to the promotion and dissemination of quality knowledge in the field of business and management. The journal strictly follows APA writing and referencing style. The journal follows the **HEC Anti-Plagiarism Policy** and all research papers are checked through Turnitin software before screening for publication. The Editorial Board encourages scholars from all over the world to send their papers for possible publication through editormj@numl.edu.pk .
